Royal Purple Motor Oil delivers superior protection and improves performance in four-cycle gasoline and diesel engines. It increases horsepower and torque, saves fuels and reduces heat, wear and emissions. It has unsurpassed oxidation stability that allows for extended oil drains and fewer oil changes, which saves you time and money and reduces the impact on the environment.

5W20, 5W30, 10W30, 10W40, 15W40 & 20W50

12.99 each

High Performance Street Motor Oil

Royal Purple HPS Series motor oil is specifically formulated to maximize performance and meet the demands of high performance and modified engines. HPS is recommended for vehicles no longer under manufacturer warranty and for those seeking a higher level of performance and protection. This unique blend enables HPS to outperform leading synthetics and conventional lubricants for both gasoline and diesel engines. Royal Purple's HPS is fortified with a high level of zinc/phosphorus anti-wear additive and Royal Purple's proprietary Synerlec® additive technology. Available viscosities include: 5W-20, 5W-30, 10W-30 and 20W-50.

14.99 each

Royal Purple Max ATF is a synthetic, high-performance, automatic trans fluid. Its low coefficient of friction and high film strength help to dramatically reduce heat and wear. Additionally, Max ATF is more oxidation stable than other transmission fluids for longer fluid life.

18.99 each

Royal Purple Max-Gear is an ultra-tough gear oil. It's designed to maximize power and provide unsurpassed protection to heavily loaded gears. It makes gears run smoother, quieter, cooler and longer without overhauls. 75W90 & 75W140

24.99 each

Royal Purple Synchronax is a manual trans fluid that increases performance and the life of your equipment. It improves shifting, reduces gear noise and increases power transfer to the wheels. It also lowers operating temperatures and provides outstanding wear protection for longer transmission life. Synchronax is recommended for manual transmissions that specify an automatic transmission fluid. It's also ideal for 4x4 transfer cases and motorcycle gear boxes.

22.99 each

Valvoline VR1 Racing Oil

The #1 selling racing motor oil. High zinc provides race-level protection for any vehicle.

High zinc/phosphorus provides extreme wear protection, including flat tappet applications. Additional friction modifiers to help deliver maximum horsepower. Enhanced anti-foam system protects engine during extreme stress. Compatible with gasoline or alcohol fuels. Available in 10W30 & 20W50.

Singles **8.99 each**
Case Special **49.50 case of 6**

Comp Cams Engine Break-in Oil

COMP Cams engine break-in oil is designed for engine builders and performance hobbyists who want that added extra protection in order to maintain engine safety and performance. The engineers at COMP Cams and Endure Performance Lubricants have been working hand-in-hand to develop a ZDDP-enhanced engine break-in oil that provides maximum protection during initial engine break-in. COMP Cams engine break-in oil's proprietary formula includes the optimum amount of critical additives like ZDDP (zinc and phosphorus), molybdenum, and high-grade base oil. The multi-viscosity, mineral-based COMP Cams engine break-in oil is fully formulated and requires no additives or supplements.

9.99 each

Joe Gibbs HR High Performance Conventional Engine Oil

- Perfect for Hot Rods & Muscle Cars
- Higher levels of Zinc (ZDDP) than regular passenger car oils. Delivers proper anti-wear protection for older style push-rod and flat-tappet engines.
- Available in 10W30 and 15W50

12.99 each

K&N Premium Wrench-Off Oil Filters

Originally developed for demanding auto race applications, these premium automotive oil filters are one of the best oil filters available.
